Ebesque XL	4%	5%
Other	3%	5%

COST-EFFECTIVE CHOICE

Sondate XL

BACKGROUND

Quetiapine modified-release tablet products cost the NHS more than £25 million in 2016. Sondate XL, an already cost-effective brand, has recently significantly reduced its cost. Sondate XL provides savings of 66% from unspecified prescriptions.

Depending on dose, Sondate XL has the potential to deliver a cost saving per patient from £500 to £1,700 per annum. This optimisation project allows your CCG to immediately realise these very significant savings. impact500 allows safe and effective implementation based on genuine patient needs and insight.

Cost-Effective Choice

Sondate XL 50mg	£19.99
Sondate XL 150mg	£39.99
Sondate XL 200mg	£39.99
